Each resource pack is provided with the following licences:

- A Site Licence so that you can use the resources on any number of stand-alone or networked computers in your school or college.
- A Student Licence that allows you to issue copies of the digital learning resources to your students who are following the GCE ICT course for their own personal use during the period of time that they are following the course.
- An Online Learning Environment Licence so that you can make the resources available to your students and staff in a password protected area of your online learning environment.
